Why Creation Apologetics?

Genesis 1-11 is the foundation of the gospel message; it is the place where we find all our origins: the origin of our universe, the origin of marriage, the origin of society, the origin of sin and many others. It is the beginning of God’s plan for our salvation. Without a solid understanding of these beginnings: creation, the fall, and God’s judgments in the worldwide flood and the tower of Babel, it is impossible to develop a truly Christian world view. This is becoming increasingly evident in our society today.
